NUMBER 200

## AEROPLANE TO RACE WITH AUTOMOBILES AT FIRST FAIR

Secretary Fred Thomas Signs Contracts With the Showmen's Greater Shows For Attractions This Fall.

Daily races between an aeroplane, automobile and motorcycles will be held over the race track course at the fair grounds this fall, according to Secretary Fred H. Thomas, of the Southeast Alabama Fair Association, who signed a contract late yesterday afternoon with a representative of the Showmen's Greater Shows to furnish attractions for the fair in Dothan, October 26 to 31.

The aeroplane flights will be made by William Hettick, of San Francisco, the renowned flyer, using a Curtiss biplane. Mr. Hettick is assisted by mechanics George Morrow and William Peterson.

There are many feature attractions with the Showmen's Greater Shows, including a twelve piece uniformed band, which will play down town whenever desired by the local committee.

The Showmen's Greater Shows has sixty concessions, and a large number of attractions, which it is expected will be increased by the time the company, which is now in the east, reaches the South.

Following is a list of the attractions:

1. Carry-us-all Merry-go-round.
2. Ferris Wheel—Big E.H.
3. Cabaret Show, Tango Girls, Musical Comedy.
4. Plantation Show—Colored Aristocracy.
5. Happy Jack—Fat Man.
6. Ten-in-One—Freaks.
7. Deltetta—Midnight Show—Lady and two children.
8. Jungle Animal Show.
9. Reptile Exhibition.
10. Dope House—Crazy.
11. Dorine—Illusion—Girl in the Moon Show.
12. Motorhome, That Death-Defying Upside-Down Riding device.
13. Midget Horse.
14. Mirror Arcade.
15. Fire Works. Spectacular exhibition.
16. Aviation—Flying machine, by the renowned flyer Wm. Hettick, of San Francisco, Cal., assisted by George Morrow and Wm. Peterson, using a Curtiss biplane.
17. Tony Nasca, director of his Royal Italian Concert Band, giving free band concerts whenever desired by committee.
18. Seker, High wire act—free.
19. Electrica Show.
20. Educated Horses.
21. Wild West Exhibition.

### DEATH OF J. C. BEAN

J. C. Bean, a highly respected citizen of the lower end of the county, died Wednesday after an illness of some weeks.

### MAJORS TO ELECT OFFICERS

At a regular communication next Saturday afternoon and night June 13, of Dothan Lodge No. 466 A. F. & A. M., officers will be elected for the ensuing Masonic Year. All members of this lodge are requested to be present.

O. H. Murphy, W. M.

## Canteaupe Trust Being Investigated

Chicago, June 12.—Commission men from many parts of the United States appeared here today to testify before the federal grand jury in the canteaupe trust investigation. According to federal authorities the trust limits the acreage planted, amount shipped and keeps the price above three dollars per acre to which price it was raised from a dollar seventy-five three years ago.

Investigation shows ninety per cent of the crop controlled by the alleged trust, which is nationwide in scope. Canteaupe are left to rot in order to keep down the acreage and boost the price.

### LIGHTNING BOLT KILLS

#### MOTHER AND DAUGHTER

Birmingham, Ala., June 12.—A bolt of lightning struck and killed Mrs. Rena Brown and her 8-year-old daughter, Audrey, and injured Mrs. Brown's husband and two other children at their home at Troy, Ala., according to a special dispatch from there today.

Mrs. Brown's condition is serious. The bolt of lightning came down a tree from what apparently was a clear sky.

London, June 12.—Another war between Greece and Turkey is foreshadowed today by The Times, which says the unrest in the Balkans has become acute. Several of the states, it says, have recently been employed in clearing their newly acquired territory of "undesirable" elements and the Bulgarians have been the principal sufferers.

## BOY SCOUTS TO MAKE A TOUR

Plans Being Made For Automobile Procession to Advertise Chautauqua in Dothan June 18 to 24.

Plans are being made by the Boy Scouts of Dothan to obtain a large number of automobiles, decorate them with streamers advertising the chautauqua to be held in Dothan June 18th to 24th, and visit all the nearby towns.

It is not known yet how many automobiles will be used in the parade, but the boys will use their efforts in procuring as many as possible. The procession will leave Dothan at a date to be decided upon later, but the interesting event will in all likelihood take place next week.

A meeting will be held by the Boy Scouts in the auditorium of the High School tonight at 7:30 o'clock, at which time the project will be discussed and plans will be worked out for the tour.

Many tickets have been sold for the chautauqua, but the desired number have not yet been purchased. The boys are hopeful, however, that the spots will open up to their expectations and requirements.

## UNDERWOOD HAS NARROW ESCAPE FROM INJURY

Washington, June 12.—Majority Leader Underwood, and other congressmen narrowly escaped serious injury this morning when a runaway team attached to a heavy truck dashed into a street car in which the congressmen were riding.

Underwood saved himself from being cut by broken glass by covering his face with his hands. Front of the car was demolished and both horses killed. Mr. Underwood was on the front seat of the car.

## FARM LANDS IN GREAT DEMAND

Present Inquiries Indicate Great Activity in Farm Realty in a Few Months.

Probably never in the history of Houston county has the inquiry about farm lands in this section been as heavy at this time of the year, as it is now.

Usually the demand slows up the first of the spring, and does not revive again until fall, but not so this year. The demand is arising from outside sources as well as here in the county, and everything seems to indicate great activity a few months hence. Many things are causing this. First the reputation of Houston county, as a county where there has never been a crop failure, is steadily growing greater. More and more people are finding out that a certain section here in Southeast Alabama is a most favored section, that almost every kind of crop can be made. Furthermore this is a county of white farmers, having practically no negroes. Last by the action of the Chamber of Commerce in co-operating with the farmers, in arranging cash markets for all crops produced, and a year round cash market for hogs and other live stock, has given a tremendous impetus to farming in this immediate section.

As usual the crops in the county are splendid, and with fair prices this fall the citizens shall more than ever realize what a favored section they live in. Residents have only to let the farmers in other sections know about these things, and the Chamber of Commerce is giving special prominence to that work now.

### CHAUTAUQUE TICKETS.

Parties having subscribed for chautauque tickets through Miss Daisy Simonton may get them by calling Carl Simonton at the First National Bank. Those who have not yet purchased season tickets may also get them at the bank or phone Miss Simonton at 171. The chautauque opens next Thursday with an exceptionally strong program and you will not want to miss a single number. Get a season ticket right now before you forget it. Double season tickets are \$5, and single tickets \$3.

Washington, June 12.—Algeron Blair, of Montgomery, was awarded the contract to build the postoffice at Pikesburg, Tenn., for forty-six thousand dollars.

## MALONE WINS OUT IN MEETING

Bankers at Chattanooga Agree to a Later Meeting to be Held at Montgomery.

Chattanooga, Tenn., June 11.—As a result of a bitter controversy in the convention of bankers of the Sixth Regional Reserve District here today, there were no nominations for Directors of the Regional Bank. The meeting was adjourned to meet in Montgomery, Ala., at such date as the Montgomery Clearing House may determine.

The convention had hardly gotten organized when A. Y. Malone of Dothan, Ala., offered a resolution, which if adopted would have had the effect of immediately dissolving the meeting. It called for another convention at a point nearer the center of the sixth district, Monday June 22, for the purpose of selecting directors for the Atlanta Bank. This immediately brought the warring factions into action, and for a time the convention was in confusion. After a heated debate the portion of the delegates who favored immediate nominations surrendered their position, and the Montgomery meeting was arranged.

Nashville bankers refused to enter the convention, and their action called forth severe criticism at the hands of C. A. Lyerly and other delegates. T. H. Preston, president of the Hamilton National Bank of this city, announced that he was not a candidate for a directorship. The trying of Mr. Preston as a candidate was mainly the cause of the refusal of the Nashville people to participate in the convention.

A steering committee was named to arrange details of the meeting in Montgomery. The report of the committee signed by delegates from each of the six States composing the district, was adopted.

Among Dothan bankers at the Chattanooga meeting were George H. and A. Y. Malone and J. H. Crawford.

### APHANIA VICTIM BEING RESTORED

Chicago, June 12.—Earl Hes for seven years in a local hospital and known as "J. H. R." and whose case of aphasia is the strangest in scientific history, is recovering his memory, power of speech and use of limbs.

He was recently identified by his mother. The Lorenz bloodless surgery is being used to restore him.

G. W. Carlisle, editor of the People's Ledger, of Enterprise, was a visitor to Dothan this afternoon.

NOTICE BOY MEETS  
The Boy Scouts will meet at the High School tonight at 7:30.

## Man Arrested on Peace Warrant

Markey Cole has been arrested by deputies from the Sheriff's office on the authority of a peace warrant sworn out by J. O. Grant. In the peace warrant case the prisoner made bond in the sum of \$100 and was released.

## FORMAL CALL IS ISSUED BY GRAVES

Appeal of Mulkey in Third District Contest Will be Heard by State Executive Committee June 17.

Montgomery, Ala., June 12.—General Bibb Graves, Chairman of the State Democratic Executive Committee, yesterday issued a formal call for a meeting of the committee on June 17 to review the action of the Third Congressional Committee in choosing J. A. Speight of Eufaula, as the nominee of the party to run in the special election June 29, which was called to fill the unexpired term of Congressman Henry D. Clayton. Any other business that is brought to the attention of the committee between now and the time of meeting will be considered.

When the Third District Committee selected Mr. Speight as the nominee, its action did not please W. O. Mulkey of Geneva, who contended that the committee did not have the right to name the nominee. He said he wanted to become a candidate and appealed the case to the State Committee. Both Mr. Mulkey and Mr. Speight conferred with General Graves yesterday and both said that June 17 would suit them as a date for the committee meeting.

If the State Committee decides that the district committee did not have the right to name a nominee, it is likely that it will order the names of Mr. Mulkey and Mr. Speight placed on the ballot to be voted on. Should it decide that the committee did have the right and was acting according to Democratic precedent it will uphold the action of the district committee and declare Mr. Speight to be the nominee. In this case Mr. Mulkey would not be permitted to run on the democratic ticket, but of course could run in the special election.

This meeting will be the first held by the new State committee on which General Graves was recently elected chairman. At the meeting a secretary will be elected. Walter L. Sessions of Birmingham is the only candidate who has announced for the place so far.

## THOMAS D. JONES FOR GOVERNOR RESERVE BOARD

Washington, June 12.—It appeared certain today that Thomas D. Jones, of Chicago, has been selected by President Wilson to be governor of the Federal reserve board.

Jones is a member of the board of trustees of Princeton University, and an old friend of the President. His name was not considered until recently. Jones denied the position had been offered him, but the report is accepted as true in official circles.

### PRESIDENT WILSON TO SIGN TOLLS BILL

Washington, June 12.—It was announced President Wilson will sign the tolls bill with the amendment. He does not think the amendment necessary but will accept it.

## SUFFRAGE QUESTION IS PUT BEFORE WOMEN'S CLUB TODAY

### Dothan Guards Have Annual Rifle Shoot

The Dothan Guards, Company F, A. N. G., left this morning for the rifle range in the eastern part of the city for an all day rifle shoot, the guardsmen having been instructed to carry dinners.

The four medals, held by the different members of the company for records made in marksmanship, will be contested for, and indications are that there will be lively interest in this part of the program.

Captain C. J. Morris is in command of the company, while the boys have with them Major T. C. Locke, of Montgomery, who will take an important part in the day's doings.

### LORRIMER BANK CLOSED TODAY

Chicago, June 12.—The LaSalle Trust & Savings Bank, known as the Lorimer Bank, was closed by bank examiners at eleven o'clock this morning. The bank has three subsidiary institutions in this city. The failure had been expected in financial circles for several weeks. A statement published April 14th showed the Lorimer institution had deposits of five million six hundred thousand dollars, capital one million, and surplus three hundred and forty thousand.

After the bank closed a big crowd of depositors surrounded the building. The failure was precipitated by the city treasurer presenting checks aggregating six hundred and fifty thousand dollars and demanding payment.

### DEATH OF MRS. YARBROUGH

Mrs. J. M. Yarbrough, who lived with her husband south of town, died yesterday morning at 9:30.

To Prevent Blind Poisoning  
Apply at once the standardized reliable DR. FOSTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Put a Band-Aid. 25c. 50c. 75c.

### BY "BLANK" CARTMICHAN

#### LITTLE BOY IN MILKED

Tampa, Fla., June 12.—Shooting what he supposed was a blank cartridge in a 22-caliber rifle, his gun pointed at the 2 year old son of Mr. and Mrs. C. E. Nolach, 12-year-old Wayne Cooper late yesterday fatally wounded the baby, who died at a local hospital this morning.

The boy is heartbroken over the occurrence. After the fatal shot the babe walked to the doorway of his home and layed:

"Papa, I am hurt right here."

Mr. Nolach made a hasty examination and rushed the little fellow to the hospital.

### RAIN HELPS CORN

The dryness prevailing in Dothan had this section was relieved yesterday afternoon with a brief but heavy rain, which it is expected will be of much benefit to corn and other vegetation. The uncomfortable heat, is still in our midst.

Chicago, June 12. That the suffrage issue would be put squarely before the Federation of Women's Clubs today was the belief when the delegates assembled in the auditorium.

Suffrage leaders declared a wave of equal rights has gradually swept over the delegates and suffrage will be carried. Delegations from Tennessee, Kentucky, Indiana, Pennsylvania, and Illinois, have adopted resolutions endorsing votes for women, and others are expected to follow suit before the measure is brought to the floor of the auditorium.

Reports that New York had been decided on for the next convention resulted in a charge of "politics."

## DETAILS OF PEACE PLANS

Niagara Falls, June 12.—When peace conferences began today, the situation was as follows: The United States was ready to pass on the fitness of the men suggested by the Mexicans for provisional president, and four chief places in the Mexican cabinet; nominations will be made by Mexicans. Though the United States will insist that the president and two of the cabinet be constitutional sympathizers.

Although Carranza announces he will send representatives, the A. B. C. mediators are not certain they will be seated because of Carranza's previous refusal to join the conference.

### LEE AND TOMPKINS FORM PARTNERSHIP

Wm. Frazier in All the Courts.—Dothan Office Wm. Lee in First National Bank Building, formerly occupied by Chancellor W. R. Chapman.

W. L. Lee of Columbia, and O. J. Tompkins, of this city, have formed a partnership for the practice of law, with offices at Columbia and Dothan. Mr. Tompkins will look after the Dothan office, and Mr. Lee will also be in the Dothan office about three days of each week; and it is hoped he will soon decide to move his family here and make Dothan his home.

This will be a strong firm. Mr. Lee has been practicing law for a number of years, and is quite successful. Mr. Tompkins, recently admitted to the bar, is a hard student and a young man with a great deal of native ability.

The firm's Dothan office will be the one formerly occupied by Chancellor W. R. Chapman in the First National Bank Building.

### DOTHAN CHAPTER NO. 126 K. A. M.

Regular convocation tonight at 8 o'clock. Special business. Ladies' Auxiliary. All members of this lodge are requested to be present. O. H. Murphy, W. M.

**WOULD BE TRIED.**

There is nothing under the sun that will take the place of good pure cold water these hot days.

Those are the words of the Florida News Democrat. To the ordinary reader they mean but little but there is a good deal in that simple statement.

The soda water drinker, who has to have several drinks from the fountain, or a few bottles from the ice box daily, will do well to try first to get a drink of water. It need not be ice cold, either. Water is mighty good without any ice in it, and is often much better for the stomach where it is not too cold.

When you feel that thirsty soda water spell coming on, turn and grab a pint or so of water, and see how the appetite is satisfied.

People are going wild over ice drinks.

Water—just pure water, has no substitute.

A man tried living without water some time ago. He ran a store, and when he got thirsty he went to the ice box and opened a bottle of pop and kept this up some time. To quote the Ringville Eagle, he soon got to where he "wasn't quite right in the head," and quit the bottle goods, and went back to water. He found that water was a good thing, and is going to make a finish with it, and sell his bottled pop to those who don't know any better.

If the cold drink habit had no harmful effects, and probably most of them don't, it is too expensive a habit for a boy or a girl to form, while they are yet in the formative period. They get a habit of spending money that will lead to more extravagance.

The rich man of the future is the saving boy of the present.

Fame Florida has Herbert McLeod pitching the Southern league. Ernest Manning pitching in the American league and Ross Holms pitching in the Texas league, and they are all from one town. So funny if they all were to wind around and get in the same league and on the same club. The good ball players come from the country towns, and usually from the country towns with a public square left for a court house that is never built. The country town public square affords a good place for the boys to practice, while the population can assemble around the square and comment on the game.

It's great to live in Atlanta and be asked every Monday or Tuesday morning, to subscribe several hundred thousand dollars to first one thing then another. We had thought that the people of Dothan had more calls for their money than any other set of busy people on the top side, but it seems that Atlanta is a step or two ahead all the time and holding up their citizens for public donations of one kind or another.

**HAPPINESS.****Commercial Appeal**

Happiness is a state of mind. It is not something we inherit nor something we may pick up for a trifle at a bargain counter.

You can buy it, but the price is paid, not in the coin of the realm but in the unalloyed coin of faith and service. For we are all artists in the workshop of the great God, for where every day needs are being fitted for eternity. Conscience or unconsciously we are all given and taken buyers and sellers in that world side market place.

We may call the market master good or ill luck or fate, or by that higher appellation of Providence. It does not so much matter which name we choose except that if we accept the last we are apt to be cleaner handed in the deal than that we offer and whose return comes back to us in the golden coin of content.

And that service that wins for us this crown of happiness?

It has a thousand forms a help in hand where the way is steep a cherry word for the need of few a square deal to one who is in our poe or the waiting word where we may speak it, the absorbing of another's trouble but the just acknowledgment of another's worth the self control in the business world the compassion for another's weakness the smile we give a friend or the coin we throw to a beggar.

These are some of the things that are the ways of happiness some of the things which bear the imprint of no dollar mark but which make up the currency for which we exchange that state of mind called happiness which is the peace that passeth all understanding.

The world is as a vast chess board where men and women are the bits of carved ivory. To the Master Player who made the game there are no superfluous figures from king and bishop and knight down to the humblest pawn there is a clue to all, and each must do its part or the game is marred. After all is said and done, the goal of the game is happiness and all must play fair or somebody loses.

It is an illusive quality this thing that we call happiness. It is so easy to win through the medium of the right exchange, it is so easy to lose through the false currency of injustice and lack of fairness and helpfulness and sympathy.

Life is full of changes and vicissitudes. Some of us go all the way to happiness and half way back again, some of us attain the goal and hold on to it some of us falter and fall in the quest and hungrily watch others flash by to the winning.

But we all may know this that somewhere in the book of final things it is written on the debit or credit side of the ledger whether we offered the right currency for the prize or whether our bid was made in the spurious coin of selfishness.

And if it was the first then all is well even if sorrow's tears have dripped on some of life's pages but if it is the latter then have we tallied indeed for every man happiness is knit to the happiness of some one else and if we roll on our own chance we also despoil a friend.

And one of these days in the last and final accounting, the cheated friend will be our sternest censor our most uncompromising witness in the court from which there is no appeal. That cheated friend may be an ill-used wife a neglected mother an unrequited father an ill-governed child who ever we sacrificed here will stand

Yes we saw him. Is it hot enough for you?"

**PRICE VS QUALITY  
AND  
PERFECT FITTING**

More specifications in a high quality suit are not an injury to the price. This is a matter in which you cannot afford to take any chance at all.

**THE STRICKLAND BUILDING**  
of price should not be considered when the question of **PERFECT FITTING** is involved.

**W. C. STRICKLAND,**  
Optician at  
**Strickland Bros**  
Dothan, Ala.

tionally at the end of the race, yet in for an unrepentant cry. There is no royal path to happiness over the broken hearts of our fellow travelers.

For no one runs in a separate groove, we do not work entirely apart, we play no game alone, we walk no road quite by ourselves. Always there go with us step by step the chances and fortunes of another, and whether we help or whether we hurt, those other chances and fortunes is the real test of that service by which alone we can buy the laughter of life.

**BANKERS GOING.**

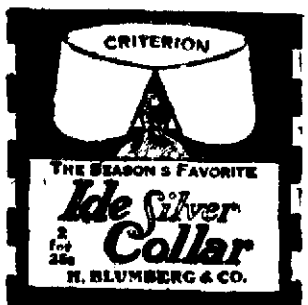

At the Republican meeting the other day in Birmingham, it was noticed that Maj. Parker of Mobile. He is now a has been, and hardly that. The two factions the Blues and the old line are fighting, with each other and that they will make up and be as one, is hardly doubted by any. Both factions wanted Barker named. He had played the game too strongly, he had worked too hard for Maj. Barker, and it was thought by the Republican leaders that his day of usefulness to the party had waned.

The man or boy who thinks that he is no rainy day ahead for his, the weather conditions of the past. They prove that we have always had plenty of rain, and the other conditions prove that people need a rainy day period in life when they need the savings that they might have saved when they were younger and more prosperous.

That army of unemployed which started out from the Pacific coast for Washington to show how they were suffering for work probably got discouraged when they struck the wheat belt where labor was much needed.

Just why New York should want to fix Roosevelt again as governor is not an exact for the fact that they think it would put him in line for the presidency as he had to wait a while to get in.

John will feel relieved when the time comes to come back home. It might take a notion for something over there that would cause embarrassment.

#### MISS COVINGTON ENTERTAINS FOR DOTHAN GIRLS

In compliment to her niece, Miss Willie Mae Whaley, of Dothan, Ala. Miss Hattie Covington was the hostess on Thursday evening at a very delightful lawn party given at her home on Love street.

The lawn was brilliantly lighted with electric lights and formed an ideal place for a summer evening entertainment. Assisting Miss Covington in receiving her guests, were Miss Whaley, Mrs. M. Whaley, Miss Minnie Williams and Miss Agnes Upchurch.

Conversation was the game for the evening and it was entered into with enjoyment by the guests present.

Punch was served during the evening and an ice course enjoyed. Thomasville, (Ga.) Times-Enterprise.

Mr. and Mrs. Joe Bennett left this morning for Jacksonville, Fla., to spend a few days.

Miss Harriet Crawford has gone to the University of Alabama to attend the summer course of study.

Mr. and Mrs. Darvey T. Tatum, who have been visiting Mr. and Mrs. E. P. Murrell, left this morning for their home in Lafayette, Ala., accompanied by Mrs. Tatum's sister, Miss Elizabeth Murrell, where she will spend the summer.

Miss Letellie McInnes left today for Arlington, Ga., to attend a house party given by Miss Laura Belle Denton.

Mr. Ernest Briscoe spent today in town.

**FOR RENT**—One furnished room in a lady or two unfurnished rooms in a single. Address P. O. Box 1139.

The many friends of Mr. Harvey Beall will regret to learn of his illness at the home of Mrs. R. H. Walker. Mr. Beall is suffering from an attack of appendicitis.

Miss Ray Strickland has returned from a visit to her aunt, Mrs. Kelly of Midland City.

Mrs. Jack Piner of Opelika, and Mrs. Lennie Hansell of Gainesville, Fla., are the guests of their parents Mr. and Mrs. J. D. Harrison.

Mrs. J. H. Daniel has as her guests, Mrs. G. W. Rothford and Miss Clara Layerall of Madison, Fla.

Miss Clara Daniel and Miss Irene Daniel are attending a house party at Panama City, given by Mrs. J. H. Ryan.

Read the list of unparalleled guarantys given below, and you will admit it is no wonder that and college is the leading school of Bookkeeping, Business Training, Shorthand and Typewriting in the state. In the first place, we guarantee that every statement made in our catalogue is true and correct, and will pay \$100 cash to any one pointing out an incorrect or misleading statement; guarantee to give a better course of Bookkeeping and Shorthand in half the time required by other schools teaching other systems. We guarantee to pay railroad fare both ways if the student, upon arriving and attending the school for ten days, does not find everything up to the standard represented in the catalogue. We guarantee to give a free scholarship to any one who can find a graduate of the Byrne Simplified Shorthand or Practical Bookkeeping who has laid these systems aside to master other systems and made a

success of them. We also offer a free scholarship, if, upon investigation, one does not find that many writers and students of other systems of bookkeeping and shorthand do abandon them and take up our system and go out and make a success with them. We guarantee to save the student in time and board, from \$100 to \$200 over what it would cost to finish a similar course in schools teaching other systems. Now, is it any wonder, since we guarantee so much, and especially since we guarantee to save students from \$100 to \$200 in cash, and secure them better positions than they could get had they attended another school that we have in attendance students from the very best homes of this and adjoining states?

Ex-Secretary of the Treasury, L. M. Shaw,  
Writes About Alabama Lands.

Mr. Shaw recently purchased a large body of farm land in Alabama, and this is what he says:

"I THOROUGHLY BELIEVE THAT THE CHEAPEST LANDS, MEASURED BY THE ACTUAL WORTH, IN THE UNITED STATES, ARE IN ALABAMA."

Lands in Houston county are getting higher every year, and with new and better crop systems and cash markets in Dothan for the various crops, land will continue to advance for many years. PEOPLE FROM OTHER SECTIONS ARE GOING TO BRING THIS ABOUT, THEY ARE COMING. We quote Dr. Stackhouse again: "In less than ten years most of these Chattahoochee Valley lands will be selling for one hundred dollars per acre."

**REMOVE THE BLINDRES.** Look back—ten, twenty years, and remember—WHAT MEN CALL SUCCESS IS ANTICIPATING THE FUTURE, PROFITING BY PAST EXPERIENCE. Anticipating a heavy movement of lands this fall, we are in a position to locate you on the farm you want. Delivery will be made last of the year, in meantime you will have only to pay a small bonus now to close the trade.

Others have made money during the past six months following our advice and suggestions about investments—we can make it for you. Our advice is to—**BUY THIS SUMMER.**
